

## MiniSD Cards

ACP-EP Memory's miniSD cards are designed to enhance the performance of your mobile device. Easy to use, these cards are an exceptional boost to the latest mobile phones, PDA's, MP3s, digital cameras and any other device that can support SD, miniSD and most devices that support MMC, RS-MMC. Check your user manual for compatibility.

Each card ships with the full-size SD adapter, this means you can save and store digital content effortlessly and then transfer it to other devices.
